

GCF NEWSFLASH!

Let 2015 be the year you will do things- **JANUARY 2015**
THE GREATER WAY!!!

We would like to officially wish you a blessed 2015 and thank you for your generous support of the GCF children over the past year.

The children enjoyed their summer break and are now back at school, full of zest and zip.

GCF considers early development and education as a vital part of every child's journey into the future - even the babies and toddlers benefit from the Early Childhood Development Program and pre-scholars are in the Happy Feet Nursery School where they have fun learning through play.

Education is however not the only program provided by GCF to ensure that children are restored emotionally and physically before they are placed within a family.

Check the GCF website for our other programs.....
